*Base: Total direct costs less items of equipment costing in excess of $5,000, the portion of subgrants and subcontracts in excess of $25,000, alterations and renovations, student aid and fees related to patient care. The rates do not apply to computer services acquired within the University.
SECTION II: SPECIAL REMARKS

TREATMENT OF FRINGE BENEFITS:
The fringe benefits are charged using the rate(s) listed in the Fringe Benefits Section of this Agreement. The fringe benefits included in the rate(s) are listed below.

TREATMENT OF PAID ABSENCES:
Vacation, holiday, sick leave pay and other paid absences are included in salaries and wages and are claimed on grants, contracts and other agreements as part of the normal cost for salaries and wages. Separate claims for the costs of these paid absences are not made.

1. The rates in this agreement have been negotiated to reflect the administrative cap provisions to OMB Circular A-21 published by the Office of Management and Budget on May 8, 1996. No rate affecting the institution’s fiscal periods beginning on or after October 1, 1991 contains total administrative cost components in excess of that 26 percent cap.

2. Equipment means an article of nonexpendable, tangible personal property having a useful life of more than one year, and an acquisition cost of $5,000 or more per unit.

3. Activities Performed Partly-On, Partly-Off Campus: The University uses the rate applicable to the location where the preponderance of the time and effort will be expended. Accordingly, each contract or grant is assigned only one indirect cost rate.

4. The following rates are applicable to research under a Harvard contract or grant conducted at hospitals and medical facilities not affiliated with Harvard for overhead reimbursement, i.e., cases where hospitals elect not to submit indirect cost proposals for the recovery of space-related charges. Typically, but not always, these hospitals are State institutions:

</tr>
</tbody>

5. The Off-Campus rates apply to effort conducted on premises not owned by the University at locations sufficiently far removed from the campus to prohibit the normal use of University facilities and services.

6. Fringe Benefits: The University distributes fringe benefit costs to its departments and sponsored activities (including Federal programs) on the basis of annual rates applied to direct salaries and wages in lieu of individual direct charges. Over or under distribution of fringe benefit costs are carried forward in estimating future rates.

Included in the fringe benefit rates are: Pension, University Health Services, FICA, Health and Dental Plans, Worker’s Compensation, Unemployment Compensation, Parking, Tuition Assistance (Employee Only), Life Insurance, and Disability Insurance.
The approved fringe benefit rates are as follows:

SECTION III: GENERAL

A. LIMITATIONS:
The rates in this agreement are subject to any statutory or administrative limitations and apply to a given grant, contract, or other agreement only to the extent that funds are available. Acceptance of the rates is subject to the following conditions:
(1) only costs incurred by the organization were included in the facilities and administrative cost pools as legally accepted, such costs are legal obligations of the organization and are allowable under the governing cost principles; (2) the same costs that have been accorded treatment as facilities and administrative costs are not claimed as direct costs; (3) similar types of costs have been accorded consistent accounting treatment; and (4) the information provided by the organization which was used to establish the rates is not later found to be materially incomplete or inaccurate by the Federal Government. In such situations the rate(s) would be subject to renegotiation at the discretion of the Federal Government.

B. ACCOUNTING METHODS:
This Agreement is based on the accounting system used by the organization to be in effect during the agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the cognizant agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from facilities and administrative to direct costs due to lack of input from the cognizant agency.

C. FIXED RATES:
If a fixed rate is in this Agreement, it is based on an estimate of the costs for the period covered by the rate. When the actual costs for this period are determined, an adjustment will be made to a rate of a future year(s) to compensate for the difference between the costs used to establish the fixed rate and actual costs.

D. USE BY OTHER FEDERAL AGENCIES:
The rates in this Agreement were approved in accordance with the authority in Office of Management and Budget circular A-21 Circular, and should be applied to grants, contracts and other agreements covered by this circular, subject to any limitations in A above. The organization may provide copies of the Agreement to other Federal Agencies.

E. OTHER:
If any Federal contract, grant or other agreement is reducing facilities and administrative costs by a means other than the approved rate(s) in this Agreement, the organization should (1) credit such costs to the affected programs, and (2) apply the approved rate(s) to the appropriate base to identify the proper amount of facilities and administrative costs allocable to these programs.
